

FORT LAUDERDALE-HOLLYWOOD INTERNATIONAL AIRPORT RUNWAY EXPANSION ENVIRONMENTAL IMPACT STATEMENT

Sandra Walters Consultants, Inc. (SWC) is part of the team headed by Landrum and Brown working on the preparation of an Environmental Impact Statement (EIS) for runway expansion at the Fort Lauderdale - Hollywood International Airport.

SWC responsibilities include:

- ❖ participating in project kickoff and progress meetings with local government and agency officials,
- ❖ review of previous studies of affected environment,
- ❖ conducting onsite wetland, biotic communities and endangered and threatened species data collection and analysis,
- ❖ developing maps and figures depicting wetland locations,
- ❖ evaluating evaluating project alternatives for their environmental consequences,
- ❖ preparing all relevant sections of the draft and final EIS,
- ❖ coordinating agency wetland jurisdictional determinations, and
- ❖ preparing and processing environmental resource permit applications for the final, selected alternative.
